KC INSIDER GIFTS THAT GIVE BACK

A PICTURE OF HOPE

D. Local artist Richard Stern and his wife, Kimberly, recently launched a business that spurred from Richard's battle with Stage IV cancer. His passion for art and sense of determination has helped Kimberly and Richard create Stern Art Works.

Proceeds from sales go to the Touched by Cancer Foundation, a nonprofit organization with the mission is to instill hope in those whose lives have been touched by cancer.

Richard's work ranges from serene landscapes to ornate rustic door designs. Visit sternartworks.com for exhibition and purchasing information.
