

GETTING STARTED

BY KATE HUNTER

STILL LIFE

Richard Stern has spent 30 years in advertising but now is returning to what he majored in at the **Kansas City Art Institute**: photography. Stern has launched **Stern Art Works**,

providing beautiful framed and matted photographs and geometric designs. He has serene landscapes, some wildlife, industrial subjects, graphic designs and a series of doors. "I love beautiful things, and I want to make images that lift people's spirits," Stern says. Many images can be printed from 5-by-7 inches to mural-size. The geometric designs can be printed in various color schemes to coordinate with interiors.

■ Unframed 16-by-20-inch prints cost \$150 to \$200; framed prints, \$300 to \$450. Call **Stern Art Works** at 913-449-4294. To see all images, click on gallery at sternartworks.com.
